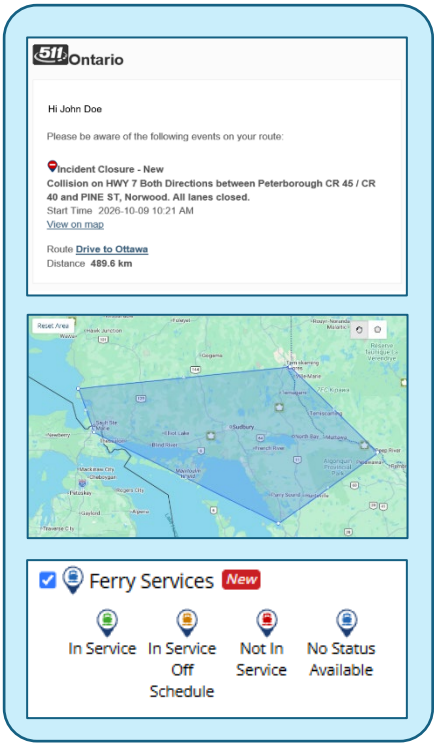
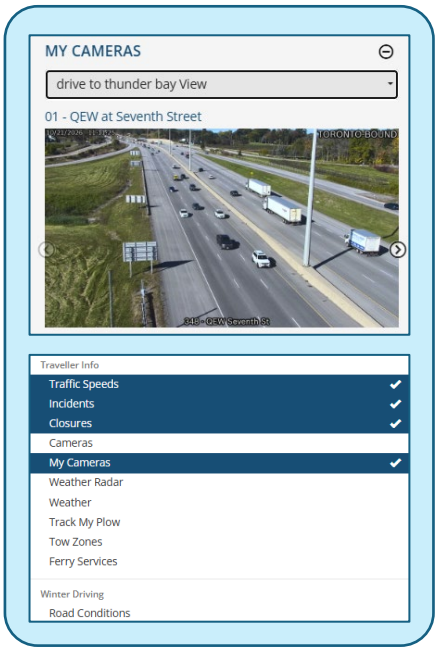
Personalized Notifications



- **My Routes & Notifications**
  Save frequently travelled routes and receive text or email notifications about traffic speeds, travel times, road conditions and events along your route. Customize when and how you receive updates, so you're informed without having to check manually.

- **My Area Notifications**
  Select an area of interest and receive notifications about road events and changing conditions within that area.

- **My Ferry Notifications**
  Receive notifications about service disruptions and status changes for MTO-operated ferry services, including Wolfe Island and Glenora ferries.



- **My Cameras**
  Save frequently used highway cameras for quick access. Your saved cameras are also available when using your My511 account in the Ontario 511 mobile app.

- **Personalize Map Layers**
  Choose which map layers are displayed when you visit Ontario 511, helping you quickly access the information that matters most to you.

Stay Informed Automatically
Set your preferences once and receive travel information tailored to your routes, areas of interests, helping you stay informed without checking Ontario 511 manually every day.
